

India Done Different March 2018

Join **WOW! Travel Club** on this 3-part adventure exploring the best and most unique areas of India!

What do we think is most fascinating about India? Simply, the people. More than monuments and temples, this exploration provides ample opportunities to meet fascinating locals, and experience the colorful culture. This journey is divided into 3 unique parts. Join for one, or join 'em all... you design your adventure!

Part 1 | “Holi, Holy” (March 1-4)

Spend time in **Delhi** to experience Holi – the festival of colors. From there, we'll visit **Varanasi**, the oldest city in India and *possibly* the most shocking. Hindus believe that those who die in Varanasi will be released from the cycle of rebirth. Every evening there is a boisterous, yet enchanting prayer ceremony which is not to be missed!

Part 2 | “Southern India in Style” (March 4-12)

In **Mumbai** and the state of **Kerala** we'll experience traditional handicrafts and performing arts that are in danger of dying out, and enjoy interactive sessions with artisans and performers. Stay at fabulous properties and see all the best sights of Southern India, which is less visited than the north. We'll see lush green landscapes, exotic spice plantations, scenic backwaters by houseboat, and a fascinating blend of age-old dynasties and more recent colonial history.

Part 3 | “Golden Triangle Done Different” (March 12-18)

Experience the ever-popular Golden Triangle, but with a little twist! Two nights each in **Udaipur** and **Jaipur** to visit royal palaces, forts, and legendary cities. See the opulence of royal hunting lodges and converted palaces as well as simple tribal homes. In **Agra**, you'll see the iconic Taj Mahal! The trip concludes in **Delhi** where you can fly home or extend on your own if you wish.

Be prepared to get up close and personal with the local culture on this extraordinary **WOW! Travel Club** adventure!
